RE: 2022 Insurance Deductible

January 1, 2022 is the start of a new year, and the Medicare and commercial insurance deductible cycle. The deductible is the amount you pay for covered health care services before your insurance plan starts to pay. With a \$1,000 deductible, for example, you pay the first \$1,000 of covered services yourself. After you pay your deductible, you usually pay only a co-payment or coinsurance for covered services. Your insurance will then cover the remainder of the payments. The deductible will be collected before the first visit is scheduled for 2022.

If there are extenuating circumstances that may prevent you from making the deductible payment at the time services are rendered, please contact Mobile Physician Services beforehand so we may offer options, including a payment plan that may assist you in getting the appropriate physician services you need.

Thank you in advance for your cooperation. If you have any questions or need assistance with deductible options, contact our office at (855) 232-0644.

Sincerely,

*Elizabeth Sepulveda*
