OUR COMMITMENT TO YOUR PRIVACY

This Notice applies to Mobile Physician Services, Inc. and its affiliated legal entities, including without limitation, Expansive Care, Inc. (collectively referred to as “Mobile Physician Services,” “we,” or “us”). We are dedicated to maintaining the privacy of your medical information. We are required by law to maintain the confidentiality of your medical information, provide you with this Notice of our legal duties and the privacy practices that we maintain concerning your medical information, and to notify you of a breach of your unsecured health information. We are required to follow the terms of this Notice that are in effect at the time.

Applicability and Changes to this Notice. The terms of this Notice apply to all records containing your medical information that are created or retained by us. This Notice will be followed by all health care professionals, employees, medical staff, and other individuals providing services at Mobile Physician Services. We reserve the right to revise or amend this Notice. Any revision or amendment to this Notice will be effective for all of your medical records that we have created or maintained in the past, and for any of your records that we may create or maintain in the future. We will post a current copy of this Notice on our website. You may also request a copy of the current Notice at any time by reaching out to us at the contact information provided below.

YOUR RIGHTS

When it comes to your medical information, you have certain rights. This section explains your rights

and some of our responsibilities to help you exercise those rights.

Right to Inspection and Copies. You have the right to get an electronic or paper copy of your medical record. This right does not include psychotherapy notes or health information that is not part of your designated record set. To obtain copies or request inspection of your medical information, you must submit your request in writing to the Privacy Officer, whose contact information is included at the end of this Notice (the “Privacy Officer”). We may charge a reasonable fee that will be in compliance with applicable law. We may deny your request in limited circumstances. If your request is denied, you may request a review of our denial.

Right to Request an Amendment. You can ask us to correct the medical information we maintain about you if you believe it is incorrect or incomplete. To request an amendment, your request must be made in writing and submitted to the Privacy Officer. Please provide us with a reason for your request and identify the records you would like amended. If we agree to your request, we will notify you and amend your medical information. In certain circumstances, we may deny your request. If your request is denied, we will inform you in writing and explain your rights. Please note that we cannot completely delete information contained in your record and the change requested by you will appear as an addendum to the existing record.

Right to an Accounting. You can ask for a list (an accounting) of the times we shared your medical information for six years prior to the date of your request, who we shared it with, and why. Please note the accounting will not include disclosures made for treatment, payment, and health care operations, and certain other disclosures (such as any you asked us to make). We will provide one accounting a year for free but may charge a reasonable, cost-based fee if you ask for another one within 12 months. To request an accounting,

submit your request in writing to the Privacy Officer.

Right to Request Restrictions. You can ask us not to use or share certain medical information for treatment, payment, or our operations. We are not required to agree to your request, and we may say “no” if it would affect your care. If we agree to your request, our agreement will be in writing, and we will comply with the restriction unless (i) the information is needed to provide you with emergency care or (ii) we are required or permitted by law to disclose it. If you pay in full for a service or health care item out-of-pocket, you can ask us not to share that information for the purpose of payment or our operations with your health insurer. We will agree to this request unless a law requires us to share that information.

Right to Confidential Communications. You can ask us to contact you in a specific way (for example, home or office phone) or to send mail to a different address. We will agree to all reasonable requests. To request confidential communications, you must make a written request to our Privacy Officer specifying the requested method of contact for billing purposes, or the location where you wish to be contacted. You do not need to give a reason for your request.

Right to a Paper Copy of This Notice. You are entitled to receive a paper copy of this Notice at any time, even if you agreed to receive the Notice electronically. We will provide you with a paper copy promptly.

Right to File a Complaint. If you believe your privacy rights have been violated, you may file a complaint with us by contacting our Privacy Officer. All complaints must be submitted in writing. You also have the right to file a complaint with the Secretary of the Department of Health and Human Services, Office for Civil Rights. We will not retaliate against you for filing a complaint.

Right to a Personal Representative. If you have given someone the legal authority to exercise your rights and choices covered by this Notice, we will honor such requests once we verify their authority. This Notice also applies to minors, disabled adults, or others that are not able to make health care decisions for themselves or who choose to designate someone to act on their behalf. Personal Representatives (including parents and legal guardians) can exercise the rights described in this Notice. There are, however, some situations under State Law where prior authorization of a minor patient is required before certain actions can be taken. We comply with applicable State Laws in this regard.

YOUR CHOICES

In some cases, you can decide what medical information we share, and who we share it with.

Family Members & Friends. We may disclose your medical information to individuals who you have chosen to involve in your medical care unless you object to such a disclosure. If you are not able/available to tell us your preference for disclosing your medical information with others involved in your care, we may go ahead and share the information if we believe in our professional judgment that it is in your best interest. We may also share your information when needed to lessen a serious and imminent threat to health or safety.

Disaster Relief. In the event of a disaster, we may disclose your medical information to organizations assisting in disaster relief efforts unless you tell us not to, and that decision will not interfere with our ability to respond in emergency circumstances.

Disclosures Requiring Your Authorization. Other uses and disclosures that are not identified by this Notice will be made only with your written authorization. We will never sell or use your medical information for marketing purposes without your authorization. Most uses and disclosures of psychotherapy notes require your

prior authorization. Any authorization you provide to us regarding the use and disclosure of your medical information may be revoked at any time by notifying us in writing. After you revoke your authorization, we will no longer use or disclose your medical information based on the authorization. However, uses and disclosures made before we received your withdrawal will not be affected as we cannot take back any disclosures that have already been made based on your authorization.

Fundraising. We may contact you for fundraising efforts, but you will be given an opportunity to opt-out of further fundraising communications.

PERMISSIBLE USES & DISCLOSURES

We may use or share your medical information in the following ways, without your prior authorization.

We may also share your medical information with other health care providers to assist in their billing and collection efforts.

Health Care Operations. We may use and disclose your medical information to operate our practice, improve your care, and contact you when necessary. For example, we may use or disclose your medical information to evaluate the quality of care you received from us or to conduct cost-management and business planning activities. In some circumstances, we may also share medical

information with other health care providers for their health care operations.

Health Information Exchanges. We participate in one or more Health Information Exchanges (“HIE”). HIEs allow health care entities participating in the same HIE to quickly share medical information as necessary to support timely health care. Subject to certain limitations, when you agree to participate in an HIE, we may use or disclose medical information using the HIE for treatment, payment, health care operations, public health activities, and when permitted or required by applicable state and federal law, to the extent allowed by the HIE. For example, your medical information related to a recent hospital visit may be shared via a HIE with us so that we can promptly coordinate necessary follow-up treatment with you. We will comply with state laws regarding the right to opt-out or consent to participation in HIEs, as applicable in the state where you are receiving services. You can request more information about HIEs and communicate your participation preferences to your clinical assistant at any time.
